Director of Field Works

### Expenditure statement.

A. Expenditure expended the provision in the estimate by Rs. 225-0-0 under 'Forty expenditure and contingencies' as shown below:—

	Rs.	S.	P.
Actuals as per March 1922 accounts.	4,502	4	0
Provision in the estimate	3,500	0	0
	Rs.	S.	P.
	1,002	4	0

(1) The specific question on approval of the Harbour Engineer was not obtained or granted for the necessary appropriation.

(2) The estimate for Rs. 10,000 for dry dock maintenance was sanctioned by the Harbour Engineer in March 1920 though the work was commenced in April 1920 and almost completed by that date.

### Continue charges—Excess of amount paid debit to Victoria Port Fund

B. The following amounts entered in the credit of the Victoria Port Trust, represent the credit of articles passed to 'St. George's' or other charges incurred on account of preparation of its cargo in Ceylon after the sale of the dredger to Ceylon Harbour:—

	Rs.	S.	P.
Cost of articles	—	—	850 0 0
Cost of articles	—	—	32 04 0
Cost of fresh water, etc.	—	—	311 2 8
Total	—	—	847 1 8

Continue charges of Rs. per each were calculated and adjusted to the debit of the Victoria Port Trust as the amount also, though the transactions occurred after the sale of the dredger to Ceylon. In the absence of correct recording the procedure, the above charges shown collected would need raised to the Victoria Port Trust.

Cost of fuel and plant and other articles transferred to Ceylon—Total adjustment—Excess of amount as against—Harbour.

C. The book value of the articles transferred to Ceylon were assessed at least a price or typed list showing the rate or cost of the articles and had at that was adjusted to the value to arrive at the total amount debited to the credit of Victoria Port Trust. This value is the amount or typed list were not available of any check on verification as no record or register is maintained to show the original cost of the tools, plant, etc., after showing for depreciation, if any. In certain cases, the value is the printed list were found altered without any attachment, e.g., (1) 50 S. plant, 50 S. from Rs. 120-13-0 to Rs. 120-8-0 each, (2) 40 S. plant (smaller) from Rs. 2-4-0 to Rs. 1-4-3 each, 1/00 S. etc. (3) The other examples are given in the objection statement.

The authority for the reduction in the book value is ascertainable printed or typed in those cases among which are not printed only, the effect of the reduction is rate or fresh list of the value has been

to bring down the book value to less than half the original book value and this would require the sanction of the Harbour Engineer under G.O. No. 65, Victoria Harbour, dated 24th February 1920, which however was not obtained.

### Continue charges—Not collected or adjusted.

F. The following articles were not collected or adjusted to the Victoria Port Trust, but transferred to Ceylon as follows:—(1) Port Trust accepting the offer of the Government, on the recommendation of the Harbour Engineer:—

Small pump, dredger, boiler, wooden sluice, etc.	—	—	—	100
Shipping trawler	—	—	—	100

The average charge of Rs. per each was not adjusted on these accounts till the date of close of books.

### Reckoning, etc., not provided.

G. Rs. 4,200-10-0 being the cost of articles issued from stock for passing the book and plant, etc., transferred to Ceylon was adjusted to the credit of the Victoria Port Trust in March 1920. The articles, etc., in support of the above were not made available for audit, as they were noted to have been forwarded to the Harbour Engineer-in-Chief.

Stock account, etc., not closed or audited for 1920-21.

H. (a) The yearly register of stock articles was not verified as the balance remained in Rs. 2,000-0-0. The last verification was made on 23rd September 1920. (b) The balance of the balance shown in the book and plant register was not verified after the last verification on 18th June 1920. The materials at the contract had not been verified after 18th June 1920. No general verification was conducted to verify the accuracy of the articles shown as balance in the complete book and plant register.

### Completion report—Remained to be sent.

I. Though the 'General Works' were stopped altogether, and the staff for the maintenance work and use of the tools and plant, stores, etc., fully disbursed from 25th April 1921, a completion report still remained to be sent. The determination of the extent of expenditure being involved in connection with the completion of the work is possible only on the receipt of the completion report showing the total value of the work as compared with the estimate, after taking into account the credits on account of the sale of tools and plant, etc., and allowing for the value of machinery, dry dock, steam engine, etc., handed over to the Victoria Port Trust, and the cost of clearing plant sold to the Ceylon Harbour, adjusted in 1921-22. A special report will be made on the question of the expenditure on the completion of the work on the completion of the Victoria Harbour Works on receipt of the completion report.

#### STATEMENT OF OBJECTS AND REASONS.

The dissatisfaction with the present management and control of Muslim religious and charitable endowments in this Presidency is widespread and long-standing. It is generally agreed that the provisions of the Religious Endowments Act XX of 1923 and the Muslim Wafk Act of 1923 have been very inadequate to check the misadministration and misuse of the trust properties and that the present constitution of these institutions is largely due to the absence of any effective machinery to prevent such misadministration should be denied. The working of Act XX of 1923 has not been satisfactory nor has it proved any success on account of the very many defects in the said Act. There is no provision in it for the exercise of supervision over the huge and important class of endowments referred to in section 4 of the said Act. The system of suits by private parties interested is costly and has proved inadequate to guard against dishonesty on the part of trustees and trustees. The powers and functions of endowment committees are not defined with sufficient precision and the provisions relating thereto are so vague that they could neither discharge their duties nor enforce their orders effectively. Members of committees were appointed for life and when vacancies arose, they have been never filled up, and in many cases the Government itself despite its efficient administrative machinery is not in a position to give any information even as to their existence or non-existence, not to speak of their functioning as such. The Muslim Wafk Act of 1923 with its provisions for periodical audit of accounts and furnishing the same to the District Court has not improved matters to any appreciable extent. That Act, again, has very many defects in it, in spite of the penal provisions therein, which have never been enforced. It is therefore necessary that these and other defects should

be expected by means of a self-contained and comprehensive legislation dealing with the whole subject of Muslim religious endowments in this Presidency.

The main object of the present Bill is to ensure the efficient administration and control of Muslim religious and charitable endowments in this Presidency; and at this late hour in the day, there need be no explanation as to why, if at all, the principle of strict religious neutrality of the Executive Government embodied in Act XX of 1933 is departed from in some of the provisions of the present Bill. Suffice it to say that it has been done merely with a view to secure only the efficient administration of the waqfs. The Bill aims at efficient and effective control over all classes of Muslim public religious and charitable endowments though those situated in the City are excluded therefrom.

The Bill provides for a specially constituted Waqf Board and circle committees to regulate and control the management of the public religious endowments. The members of the Board and committees will all be nominated or appointed by Government, and their term of office has been limited to three years. Provision has been made for the maintenance of proper registers of the endowments and also for the preparation and maintenance of a record of the origin and history of the endowments committed to the care of the Board and committees. The President of the Board and members of the circle committees and officers appointed by Government are vested with powers to inspect the movable and immovable properties belonging to and all records, etc., connected with the management of the religious endowments. Specific provision has been made for the levy of contribution from each waqf for meeting the expenses of the Board and the committees and the establishment thereunder as the Government is very reluctant to incur any expenditure on this account. Provision has also been made for the proper keeping and auditing of accounts of the Board, the committees and the endowments and for ensuring proper control over the expenditure in connection with the endowments and the establishments maintained. Specific provision has also been made for the diversion of the surplus funds of religious endowments for public utility consistent with the Muslim ideas of charity and piety and the objects of the waqf. This power of diversion is vested in the Waqf Board and the principles in ordering such diversion will be the same as observed by Courts in applying the 'excess' doctrine. During past years some schemes have been settled by Courts here and there for the administration of specific waqfs, which have not proved satisfactory. It is felt in many quarters that administration under some of these schemes is worse than administration under the

Act of 1903. The bill provides for treating those schemes as those settled under this enactment and for the alteration or modification of the same wherever necessary and desirable. Long-established customs and usages and hereditary rights of trustees or members are adequately safeguarded, consistent with the proper administration of the trusts and special provision is also made to prevent Board or Government from interfering with the Madras public religious and charitable endowments except in the manner approved by the law.

RASHEED AHMED SAYEED.

L.A. BILL No. 7 OF 1938

*A bill to remove the disabilities of the specified depressed classes in regard to entry into Hindu Temples.*

WHEREAS it is increasingly felt by the Hindu community that the disabilities imposed by custom and usage on certain classes of Hindus in respect of entry into their temples should be removed;

AND WHEREAS doubts have been entertained whether trustees and others in charge of management of such temples have power to make any innovation contrary to the established custom or usage of the temples;

AND WHEREAS it is expedient that the law as administered by the Courts should no longer prevent a trustee from allowing to any class of Hindus, who might have been excluded from a temple under his management, entry into such temple, if the Hindu community in the locality is generally minded to allow such entry;

It is hereby enacted as follows:—

1. (1) This Act may be called the Madras Hindu <sup>Temples Entry</sup> Disabilities Removal Act, 1938.

(2) It extends to the whole of the Province of Madras.

2. In this Act, unless there is anything repugnant <sup>to the</sup> in the subject or context—

- (b) when used in connection with a temple having an annual income of less than Rs. 500, the Hindu voters in the electoral roll of the Municipal division in the City or the Municipal ward in the Municipal area in the municipal or the Panchayat area within which it is situated.

temples to  
be decided  
by reference  
to the  
general  
body of  
voters.

3. (1) After the commencement of this Act, a written requisition signed by not less than fifty voters may be made to the trustee of a temple asking him that the question of throwing open the temple to any excluded caste may be referred for decision to the general body of voters.

(2) Upon such requisition, the trustee shall forthwith refer the question to the voters for decision in the manner prescribed.

(3) The decision of a majority of the voters who have recorded their opinions shall be binding on the trustees of the temple and on all worshippers therein.

(4) Where the decision is in favour of allowing the entry of any excluded caste into the temple, the

trustees shall publish an order in the manner prescribed that the excluded caste shall have a right of entry into each temple.

4. (1) Notwithstanding any law, custom or usage to the contrary, it shall be open to a trustee of any Hindu temple himself to publish in the prescribed manner a notice that unless an objection is lodged with him within a period of one month from the date of publication of the notice, he will make an order allowing an excluded caste, mentioned by him in the notice, to enter into such temple.

Entry of excluded caste into temple by order of trustee.

(2) Within one month after the publication of such notice by a trustee, a written objection signed by not less than fifty voters may be lodged with the trustee objecting to such entry. Upon the lodging of such objection, the question whether the excluded caste concerned shall or shall not be allowed entry into the temple shall be referred to voters under sub-section (2) of section 3 as if a requisition had been made under sub-section (1) of that section.

(3) The decision of the majority of the voters recording their opinions shall be binding on the trustee and the worshippers of the temple.

(4) Where an objection has been lodged under sub-section (2) and the decision of the majority of the voters recording their opinions is in favour of allowing the entry of the excluded caste into the temple, or where no objection is raised, after the expiry of the period mentioned in the notice under sub-section (1), the trustee shall publish an order in the manner prescribed that the excluded caste shall have a right of entry into the temple.

5. On the publication in the prescribed manner of an order by the trustee under sub-section (4) of section 3 or sub-section (4) of section 4, it shall be lawful for any member of the excluded caste referred to in such order to enter into the temple for the purpose of worship therein, subject to such general regulations for the maintenance of order and cleanliness and the due observance of the religious ceremonies in the temple as may be made in that behalf by the trustees.

Entry of excluded caste into temple by order of trustee for purpose of worship, subject to such general regulations for the maintenance of order and cleanliness and the due observance of the religious ceremonies in the temple as may be made in that behalf by the trustees.

**Power to refer to voters act to the temple before the expiry of one year.** 6. Where a reference has been made to the voters under sub-section (2) of section 3 or sub-section (2) of section 4 and the majority of voters who have voted have decided against the throwing open of a temple to any excluded caste, no written requisition under section 3 shall be made nor a notice under section 4 be published for a period of one year from the date on which such reference was made.

**Amendment of section 4, Madras Act II of 1917.** 7. In section 49 of the Madras Hindu Religious Endowments Act, 1928, the words "subject to the provisions of the Madras Hindu Temple Entry Disabilities Removal Act, 1938" shall be inserted at the commencement.

**Power to make regulations.** 8. The trustees of a temple may, with the previous approval of the Board, make regulations:—

- (1) for the maintenance of order and cleanliness in the temple; and
- (2) for the due observance of the customary religious ceremonial in the temple.

**Power to make rules.** 9. (1) The Provincial Government shall have power to make rules for the purpose of carrying into effect the provisions of this Act.

(2) Without prejudice to the generality of the foregoing power, the Provincial Government shall have power to make rules prescribing:—

- (a) the form of the requisition by the voters for a referendum, and the manner of its presentation to the trustee;
- (b) the manner of publication of notices and orders of the trustee;
- (c) the method of obtaining the opinions of the voters; and
- (d) the decision of disputes regarding the ascertainment of such opinions.

#### STATEMENT OF OBJECTS AND REASONS

The custom of segregation of certain classes of the Hindu community as unclean and the social disabilities they suffer from have been the subject of national consideration. There has been continuous agitation on the part of leaders of these classes as well as the part of reformers among caste Hindus

to break the custom and remove the disabilities. Recent events have brought this agitation to a head and there is at present a great wave of feeling throughout India for the removal of disabilities of these "depressed classes" as they have repeatedly been called. Public opinion is specially focused on the exclusion of these classes from entry into the ordinary Hindu temples along with caste Hindus. Public Hindu temples being places of more or less free and equal coexistence of all sections and denominations of caste Hindus in the worship of their common Gods, it is felt that these "depressed classes" should also be given the right of entry into these temples for purposes of worship. In spite of past advances in public opinion established usage is enforced as law to the prejudice of these classes, and no change or innovation is permitted. Not only have Courts treated the entry of members of these classes into Hindu temples as a delictum, deemed punishable by the Indian Penal Code, but doubts have been felt as to the authority of trustees in charge of temples possibly to permit such entry even when they feel that public opinion among the worshippers favours such entry. In the opinion of many, however the Law of the land and various acts of the Madras Hindu Religious Endowments Act 17 of 1929 in particular, stand in the way of any change. It is, therefore, necessary to meet a line of a progressive character, enabling the removal of the bar which local public opinion favours such action.
